CBRN-Analysis - Software License Key (SLK)

Tutorial Slide Pack

How does it work?

How does the software license key work? In short:

- CBRN-Analysis must be activated using an activation key (this must be done by internet access either directly via a wizard or indirectly using a browser)
- Single software licenses will be node locked to a specific PC/Laptop
- Service licenses will NOT be node locked

There are two factors that determine the precise activation process:

- Does the CBRN-Analysis computer have direct Internet access?
- Is a Service or a Single Operator License required for CBRN-Analysis?

Single Operator License

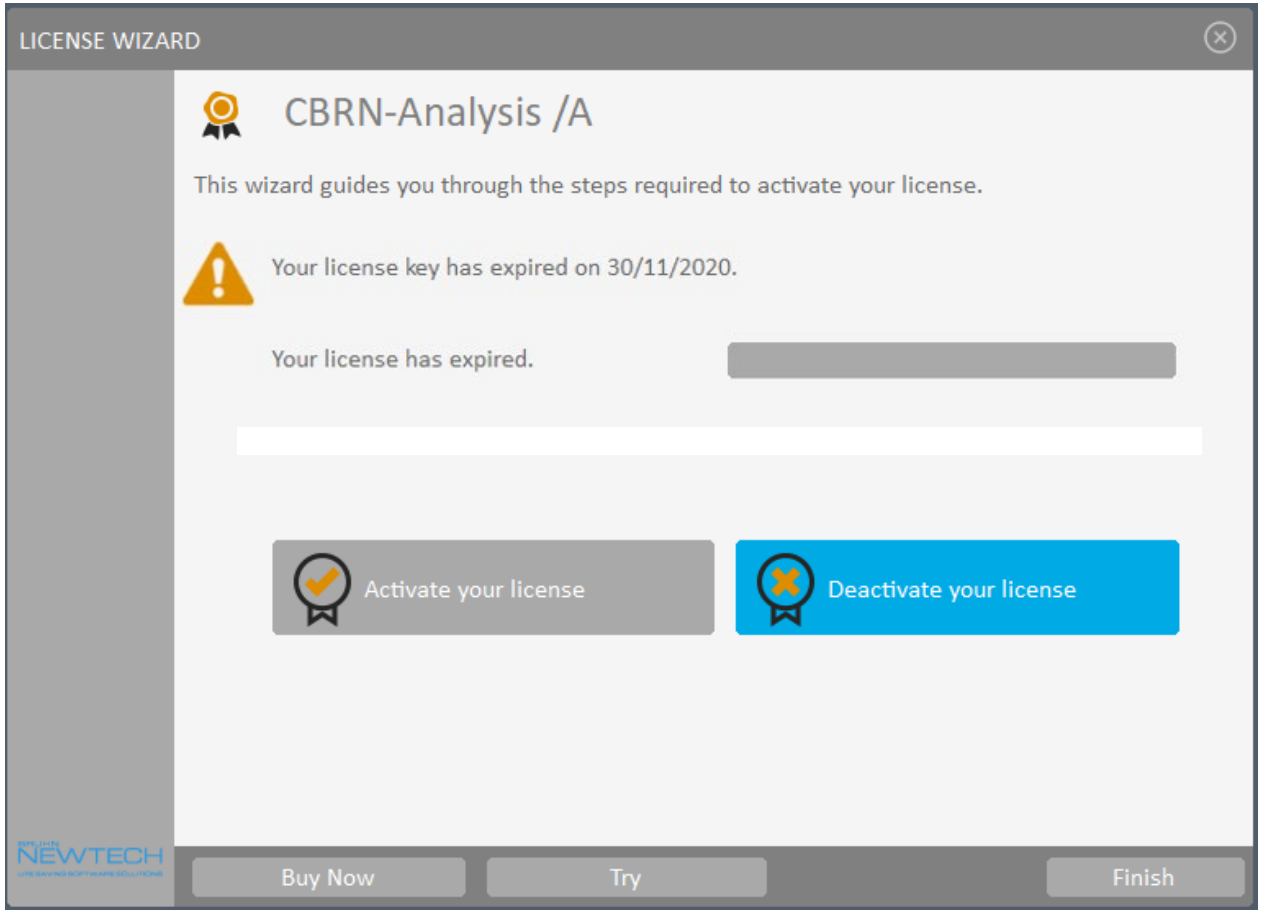

Activation procedure – to be done by each Operator

- Install CBRN-Analysis, new or update version as described
- Run the software license wizard, either as
  - Online
  - Offline
- The Software License Key Activation code will be the same for each Operator to the maximum number of licenses allowed
- If a User for example has 10 licenses then they can only install CBRN-Analysis onto 10 computers/laptops.
- The Software License Key Activation code is programmed to know that 10 is the amount allowed.

Software License Wizard, Deactivate

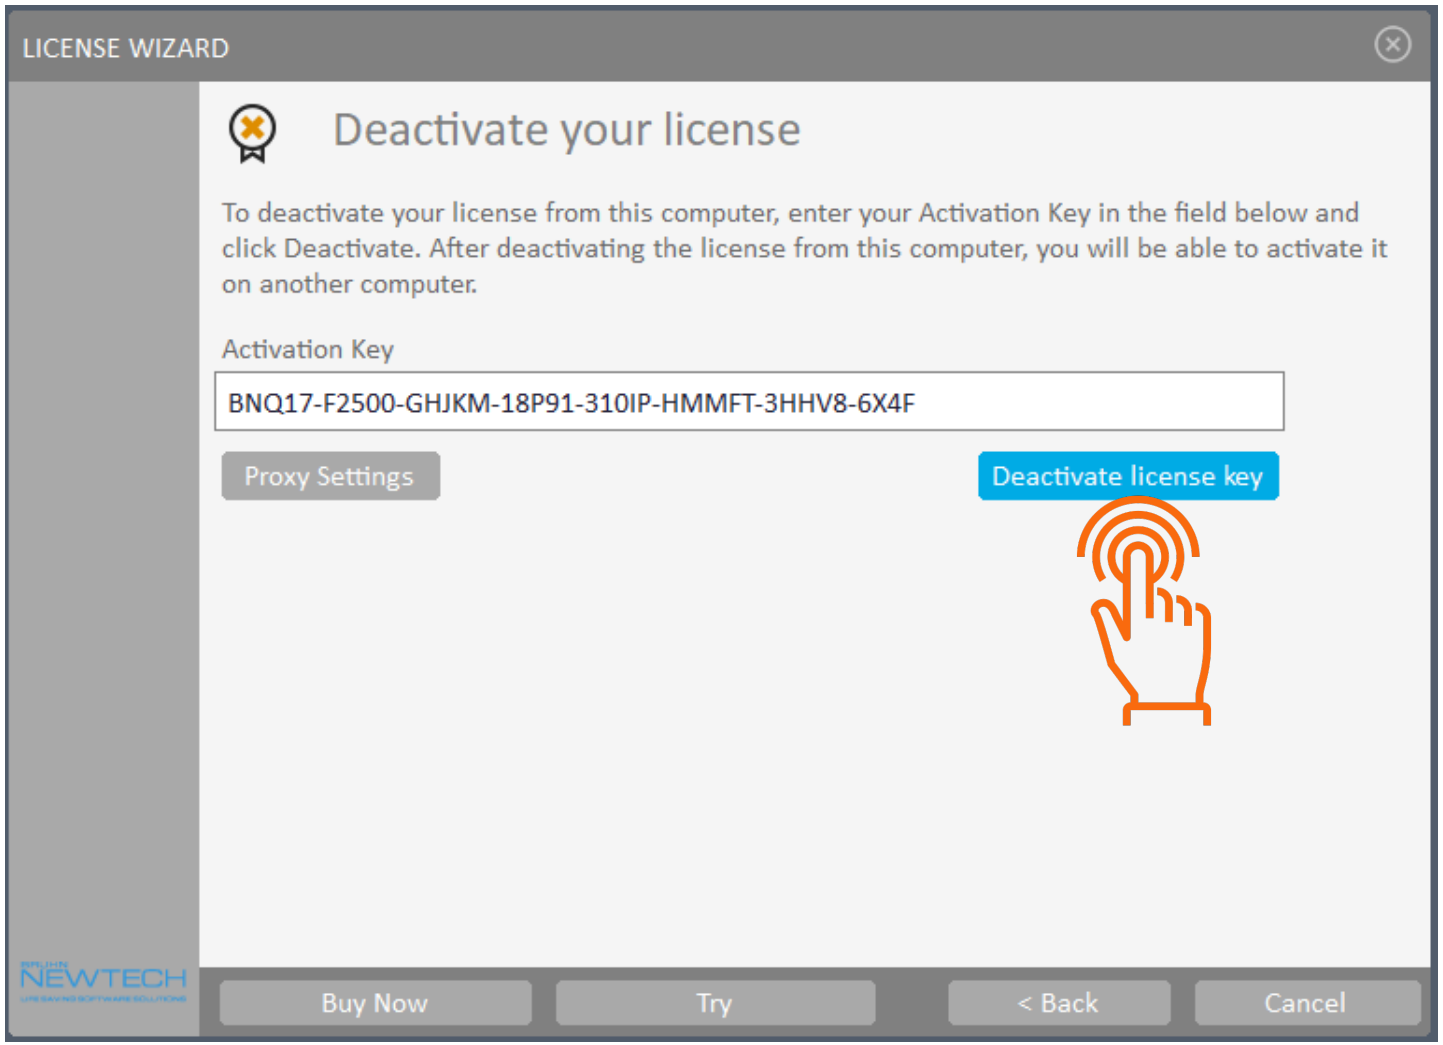

Deactivation is used for three reasons:

- If the Software License Key time period has expired
- When updating from one version of the software to the next
- When switching CBRN-Analysis from one computer to another

COMPANY PROTECT – NOT FOR GENERAL RELEASE – BRUHN NEWTECH COPYRIGHT©2025

Software License Wizard, Online deactivate

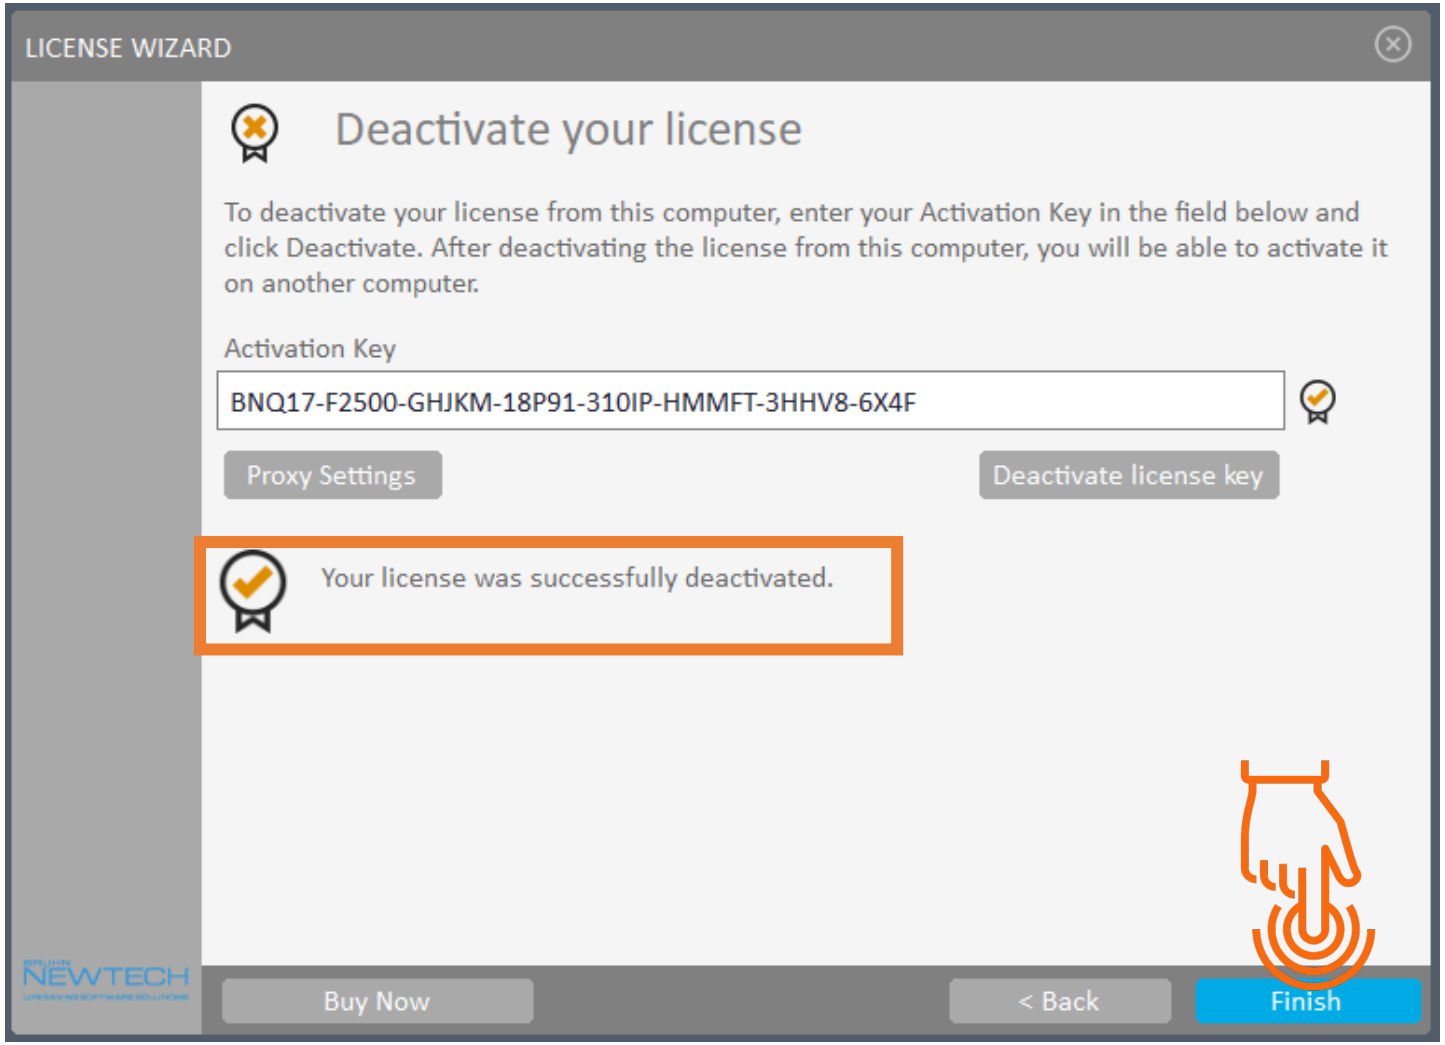

Deactivation:

- Activation key is prefilled by the software
- Click the deactivate button – What happens depends on whether the CBRN-Analysis computer is online or offline.

COMPANY PROTECT – NOT FOR GENERAL RELEASE – BRUHN NEWTECH COPYRIGHT©2025

Software License Wizard, Online deactivate

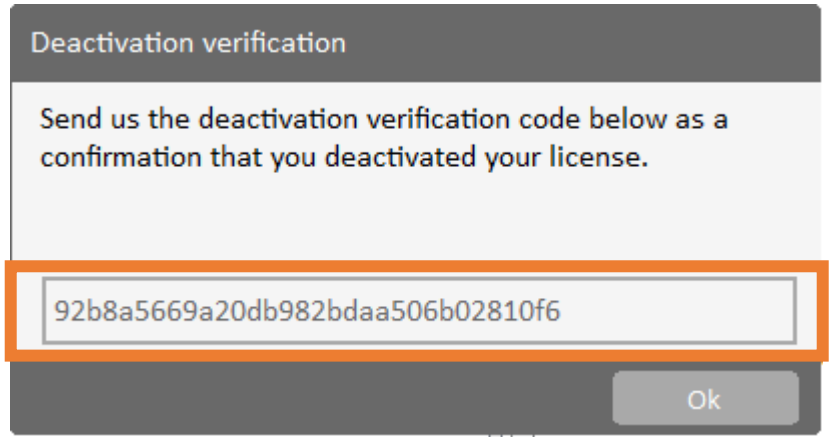

If the CBRN-Analysis computer is online:

- Press Finish to complete deactivation

COMPANY PROTECT – NOT FOR GENERAL RELEASE – BRUHN NEWTECH COPYRIGHT©2025

Software License Wizard, Offline deactivation

If the CBRN-Analysis computer is offline, this window will appear.

- Write down, the “Verification Code”, as this is needed on an online computer to deactivate the software.

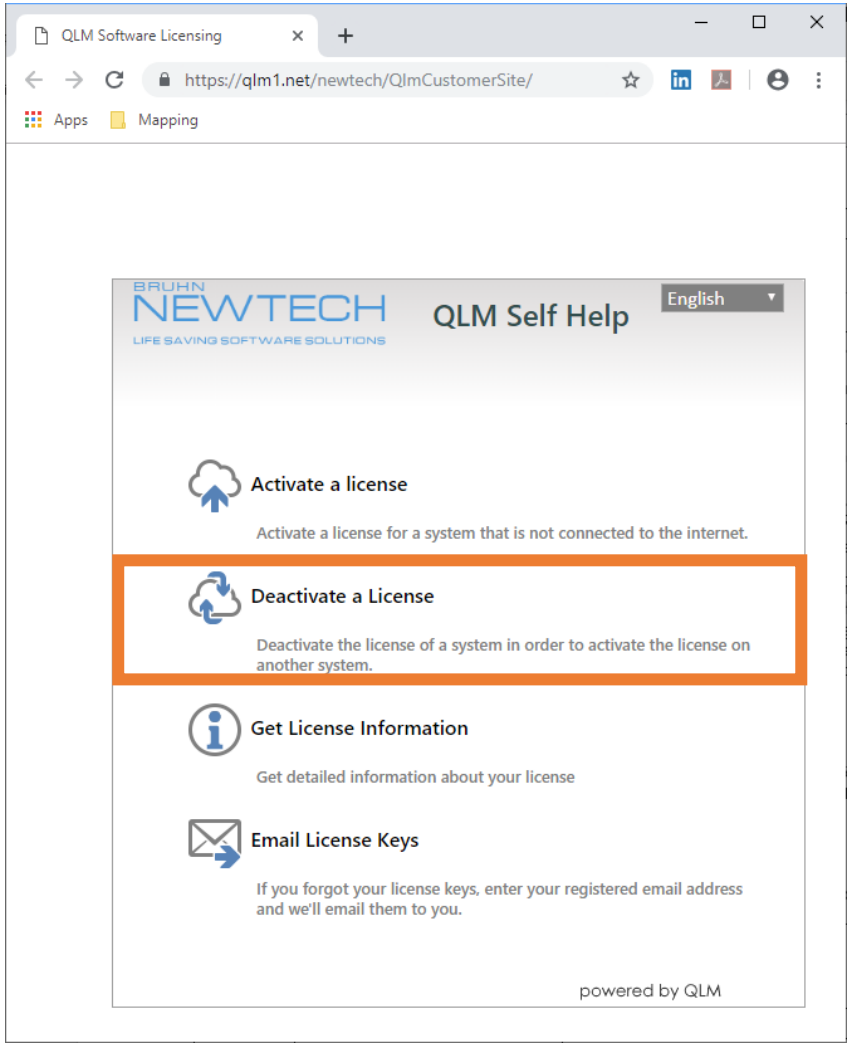

COMPANY PROTECT – NOT FOR GENERAL RELEASE – BRUHN NEWTECH COPYRIGHT©2025

Software License, Offline deactivation

Go to a computer with Internet access, Go to the Bruhn NewTech Quick License Manager (QLM) webpage:

https://bruhn-newtech.com/qlm/newtech/QlmCustomerSite/

- Select Deactivate a license

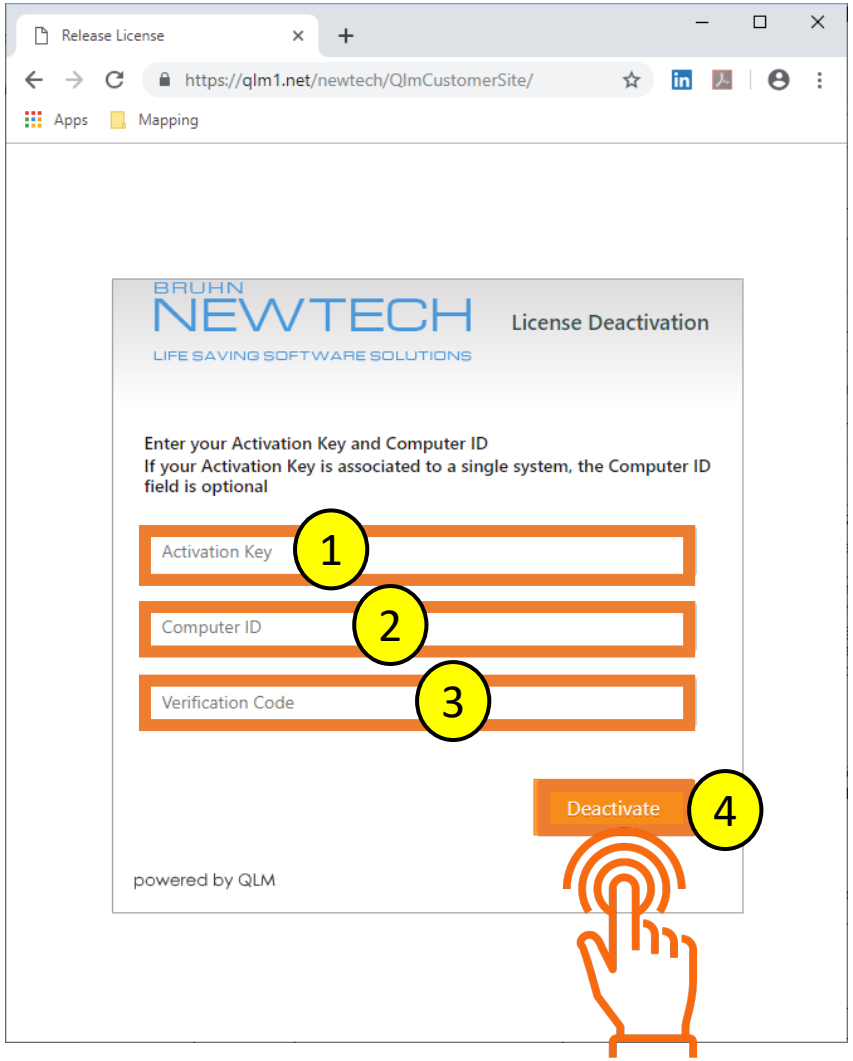

COMPANY PROTECT – NOT FOR GENERAL RELEASE – BRUHN NEWTECH COPYRIGHT©2025

Software License, Offline deactivation

Enter the following to deactivate the CBRN-Analysis program that is installed on the computer without internet access:

- Enter the Activation Key Code (this will be the previous code if updating versions) 1
- Enter the Computer ID (from the computer that has CBRN-Analysis on it, only required for Single Operator licenses) 2
- Enter the Verification Code (from the computer that has CBRN-Analysis on it) 3
- Click the Deactivate button 4

COMPANY PROTECT – NOT FOR GENERAL RELEASE – BRUHN NEWTECH COPYRIGHT©2025

Support – Single Operator Software License Key

For Single Operator Licenses CBRN-Analysis must be activated on EACH computer running CBRN-Analysis.

- Use the Activate procedure after installation of CBRN-Analysis
- Use the Deactivate and Activate procedures to move CBRN-Analysis to another computer or update a version
- More information is available in the Installation Guide
- Separate visual flowcharts are available on request

If the Software License Key cannot be activated or deactivated e.g. due to computer failure, Bruhn NewTech can be contacted during normal office hours to have the key activated/deactivated immediately.
